

Message from
Jorge L. Aladro, Worshipful Master
Harbor City Masonic Lodge No. 318

My Brothers What happy occasion this is, thanks to our Most Worshipful Grand Master Thomas L. Turlington we are able to start to conduct Lodge business with caution and we are happy to be able to meet again. As you can see the Grand Masters letter above that went out while he was still Deputy Grand Master in order to give us a heads up of the changes that were coming up once he had been installed. Base on the recommendations of this letter we will proceed with caution and follow the guidelines so that we do not place one single Brother in jeopardy. The plan recommended by Grand Lodge is that we have sanitizer by the door so that the Brethren can disinfect their hands as they walk in, also we will be maintaining social distances in Foyer, Lodge and Dining room areas. In order to minimize risk, especially to our older Brothers, let us maintain a distance as recommended especially if you are not wearing a mask. No handshake or personal contact so that we do not place a single Brother in a compromising position. Remember you may place them at risk as well as their family.

In Lodge there will be a proper distance and unless you live in the same household you will be required to maintain a 6 ft. distance, seats will be folded and taped so as to indicate where to sit safely. In the Dining room there will be two to three maximum, to be determined at the Lodge Officers meeting, this coming Monday. There will be a posting to let you know what has been determined. My Brothers all of this is in an effort to meet the CDC and State requirements, common sense will guide us in the practice of these suggestions. If you are not feeling good for whatever reason, it may be advisable to stay home as you may not want to expose yourself or others to whatever is causing you to feel ill. We will be having a regular schedule and will see you soon when you are doing better, this is for everyone's safety remember we have many Brothers that have relatives in poor health and we must try to protect all of them. Besides all of the above we are looking forward to seeing you at Lodge if possible, and if you need any assistance please feel free to call on any of the Officers, we are here for you. We will be suspending all other events until we are notified that it is proper to do. So, for the time been we are going to go about the business of our meetings and practices.

Looking forward to seeing you,

Jorge L. Aladro, Worshipful Master
